EXT. WS OUTSIDE OF PSYCH WARD

A somewhat run-down "McLean County Voting Ward" can be seen standing in a light thunderstorm.

INT. PSYCH WARD

(gloomy ambient noise is heard)

The sound of money sacks are heard plopping on a counter as well as a NURSE repeatedly saying

NURSE

Thank you!

A long line of gloomy, gazed voters or "psych patients" slowly walk forward in a single-filed line towards an unknown destination. Each of these patients are carrying a money sack.

The camera slowly trucks backwards, exposing the pharmacy window where patients would normally receive their medication. There is a "District 87 Sales Tax Referendum Ballot" sign above the window or door where the NURSE can be seen.

A voter or "patient" unenthusiastically plops her money sack on the counter for the nurse to take

The patient looks back into the pharmacy looking confused

That NURSE is dressed as a teacher, behind her, where shelves of pharmaceutical medication should be, is a colorful and appealing classroom setting filled with students

The teacher or NURSE collects the money with a big, unnatural and cartoon-like smile. The NURSE looks some what menacing and creepy.

The single-filed line continues to routinely pay the creepy teacher...

A MAN dressed in a suit and tie appears on screen as the single filed line of voters continues behind him, mimicking "The Twilight Zone."

The MAN looks into the camera, speaking directly to audience viewers

MAN

"This insane voters ballot leads to the shadowy tip of political reality: you're on a through route to the land of deceit, financial corruption and unethical behavior brought to you by the District 87 Bloomington Public School Committee. This Sales Tax referendum will intrusively take money from citizens living as far as outside of McLean County and the district itself. Ladies and Gentlemen, you're entering the wondrous dimension of local government corruption. Next Stop... The Sales Tax Zone."
